By the act of Congress authorizing the issue of Treasury notes, the Secretary was authorized to issue any which had been paid to the Treasury for duties. Under this authority he accepted and paid on Saturday for three millions at 4 1/2 per cent. interest. The New York Tribune says: "A dispatch was received in the morning by the sub-treasurer, Mr. Chase, stating that the act was filed up, accepted by the Secretary, and before the sub-treasurer closed, over \$1,100,000 had been deposited on account of the new issue. Of the three millions, about two and a quarter millions were subscribed by banks, savings banks and insurance companies."

The four days later advices from Europe, by the steamer City of Washington, are important politically, but not financially. Money continues very abundant at 2 1/2 per cent. in the open market. Consols had been heavy under the political influence. We are firmer at the close on Tuesday at 97 1/2. Cotton was buoyant, and Breadstuffs dull.

An advertisement, over the signature of "Justice," appeared in the Gazette of the 24th inst., in violation of Mr. Crupper's course as a candidate for the office of Sheriff, in which he writes that he (Mr. Crupper) does not intend to accept of the office. GENERAL CONFERENCE OF THE M. E. CHURCH SOUTH—ACTION ON THE SLAVERY QUESTION.—The Nashville correspondent of the South Side Democrat, under date of the 20th says: The General Conference has passed, with remarkable unanimity, the substitute for the Alabama resolutions, thus wiping out from the book of Discipline all reference to the subject of buying and selling slaves. According to the Constitutional law of the church, three-fourths of the annual Conference must concur in this action, but there cannot be a question as to the result. The vote stood—Ayes 140, nays 8—about 3.

After the vote, Bishop Pierce spoke as follows: Mr. President, I desire to make a remark, calculated, perhaps, to allay the feeling of the body in relation to the action just had. The design of the Alabama Conference in originating that resolution, and of the Annual Conference which have supported it, is misapprehended by some. The whole philosophy of the proceeding seems to be founded on the fact, that it is not the province of the Church to decide any question in relation to African slavery. The South Church maintains that slavery is not a subject of ecclesiastical legislation. The single object was, that while we disclaimed the right of legislation upon that subject, we wished to make the Discipline conform to that profession. The Conference by its action this morning, has not parted with its authority, or the authority of the Church, over its members, in any respect. Every member of the Church claims to be a loyal citizen. We declare here that African slavery is a purely civil institution, and there is no reason for alarm about losing church control. If we turn to the 231 Article of Religion, we shall find there that the Church retains its proper authority over its members with reference to the subject. We therefore, by this act, simply maintain our original position—that of having nothing to do with the subject of slavery more than any other civil matter over which the laws of the country have jurisdiction. There is nothing here to warrant any construction looking towards a repeal of the laws of the United States in relation to the African slave trade. There is no occasion for sensitiveness, nor for any legislation on the subject anywhere else. No harm has been done to anybody today. We have only set ourselves right on a vexed question; and we may safely say all the efforts of the Church for taking a clear position upon this subject.

Thomas White, second mate of the bark Octavia, indicted for whipping three of the sailors on the voyage from Rio to Richmond, was arraigned before Judge Holyburn on the U. S. Circuit Court, in that city on Tuesday, and pleaded guilty. The Attorney for the prosecution thereupon drew up an indictment which was signed by the jury, who were then discharged. The amount of punishment for the crime is to be fixed by the Judge.

**BANK OF THE COMMONWEALTH.**—The minimum capital, required for the establishment of this new bank, in Richmond, has been subscribed, so that the bank will now go into operation in a very short time.

Ed. Cummings, a youth, son of a gentleman in Petersburg, was killed at the Petersburg depot in Richmond on Monday night, by being run over by the cars.

**ODD FELLOWS CELEBRATION IN WASHINGTON.**—The Star of yesterday afternoon says: Notwithstanding the unpropitious weather, the Odd Fellows assembled at the various lodges rooms, this morning, and were soon en route for the space in front of City Hall, which had been designated as the general rendezvous. At an early hour music from the Church to decide any question in relation to African slavery. The South Church maintains that slavery is not a subject of ecclesiastical legislation. The single object was, that while we disclaimed the right of legislation upon that subject, we wished to make the Discipline conform to that profession. The Conference by its action this morning, has not parted with its authority, or the authority of the Church, over its members, in any respect. The procession moved, the hands playing exhilarating music, marching about the city, and finally paraded to the Smithsonian Institution, where a prayer was offered and an oration delivered.

The procession then proceeded to the Assembly Rooms, where they partook of a collation, and were afterwards dismissed.

The regular connection is again made by the Central and Orange Railroads, and through tickets to Richmond and back can be obtained. This route passes through one of the finest parts of Virginia, and the traveler has a pleasant, and safe, and expeditious journey.

**STRAWBERRY FESTIVAL.**—The Strawberry Festival, for the benefit of Grace Church, is to be held on Monday, the 7th day of June, at Srepta Hall.

The anniversary celebration of the "Washington City Sabbath School Union" was very imposing and could not but interest and gratify every one present on the occasion. Numerous national flags and some thirty handsome banners were displayed. The procession was formed in handsome style. Several fine bands of music enlivened the entire scene; the officers, teachers and children appeared in full strength. About five thousand children, seven hundred teachers and the clergy appeared in line, beside a fine company of young men.

Rain—Rain—almost every day and the showers frequently heavy. The pastures are luxuriant—but there is too much wet weather for the wheat and corn crops.

Among "the delicacies of the season" now offered for sale in our market, in abundance, are Strawberries, Cherries, and Gooseberries. Strawberries are selling at 25 cts. per quart.

**NEW MUSIC.**—We have received from Mr. John H. Parrott, a piece of New Music, "A Dance in the Grove" composed for the Piano by James E. Magruder.

The Potomac Fisheries are all closed for the season.

Various bills relative to the District of Columbia, were discussed in the House of Representatives on Monday, in Committee of the Whole, and ordered to be reported to the House. On the bill concerning the municipal elections in Washington, a sharp debate took place. Mr. Davis, of Md., condemning in strong terms the calling out of the Marines at the last election. The bill in relation to a railway along Pennsylvania Avenue in Washington, also, was debated at length.

Mr. Smith of Virginia, moved to amend so as to grant the privilege of building the road to the corporation of Washington. Mr. Smith said the bill would confer a large fortune upon three persons. He asked the House if they would, sitting here legislating for fifty thousand people, pick out three individuals and give them a large fortune! He proposed to give this to the city of Washington.

Mr. Grow, of Pennsylvania, opposed the amendment of Mr. Smith. If there was a tract of land to be granted, it might just as well be granted to individuals as to corporations. A legislative body was bound to act upon the principle that, if the proposition was for the public good, they should pass it; if it was not, they should not. And if it were for the public good, of what consequence was it, what amount of money citizens made out of it?

**Later from Kansas.**  
St. Louis, May 25.—The Republican learns that Captain Montgomery's band in Kansas, contemplates the robbery of the Indian agent, during his distribution of the annuities among the Sac and Fox Indians; that he has asked a military escort from Gen. Harney to the agency, and to protect all parties during the distribution of the money.

The officers of the steamer Polar Star report that a strong force had surprised Montgomery's band, near Fort Scott, killing 11 of the latter; but this report needs confirmation.

**ANOTHER PITTSBURGHER** testifies to the wonderful curative powers of BERRHAY'S HOLLAND BITTERS.—Mr. Jacob White, Third street, below Market, says:—For a year past I have been afflicted very seriously with dyspepsia, so much so, that my stomach refused to retain anything. I have tried almost every remedy, and the regimen of several physicians, but without alleviation, until I began the use of BERRHAY'S HOLLAND BITTERS, and have now found relief almost amounting to a cure. I found it efficacious in removing the extreme debility occasioned by this disease, and generally as a tonic it has few equals and no superior.

"And with reference to the general estimation of the MUSTANG LINIMENT, I can cheerfully say that no article ever performed so well as this in our neighborhood." Such testimony, I mean, in our neighborhood, is not to be had. Hyde Park, Vt. writes, "that the horse was considered worthless, (his case was spavin) but since the free use of the MUSTANG LINIMENT I have sold him for \$150." Such testimony is doing wonders up here. The liniment is as effective as every other. The salt is not very firmly solidified. Beware of imitations. **VALUABLE BOARDING SCHOOL PROPERTY FOR SALE.**—Having determined, in consequence of declining health, to retire from the charge of the Alexandria Boarding School, after the present term, and remove to my farm in Montgomery County, Maryland, I offer for sale my BOARDING SCHOOL PROPERTY, and also, my present RESIDENCE, opposite thereto.

The SCHOOL PROPERTY, which is situated on one of the most desirable locations in the city, consists of a DWELLING, containing 23 rooms, besides two Dining Rooms, Kitchen, Ironing Room, Laundry, and Bake Room; and an adjoining building, containing a spacious Study Room, Lecture Room, Class Rooms, Laboratory, &c., &c. Most of the rooms have fire places, and are furnished with stoves, and the buildings are supplied with water and gas. The LOT is about 95 feet in front, and extends entirely through the square from Washington to Columbus streets, the back portion being planted with shade trees. There are ample accommodations for sixty boarding students.

The School, for many years, has been conducted full, and for the last twelve years, from seventy to one hundred persons, annually, have applied for admission, beyond the number we were able to accommodate, giving evidence that such a School is a want of the place. Our Students, this term, are from ten different States, besides the Territories, the District of Columbia, and Cuba, and already we have been obliged to refuse over seventy applicants.

As an evidence of the healthiness of the location, it may be stated, that the Boarding School has been in operation thirty-four years, and no student has ever died while under our charge, or to our knowledge, after he left the Institution, from any cause connected with the location.

It is desirable to sell the School property all together, for a School, but the dwelling part thereof is well adapted for a large Boarding House, and the property could be divided, should that be preferred. It purchased for a School, the Apparatus and School Furniture could be taken by the purchaser or not, as he desired.

The RESIDENCE, which is also offered for sale, was built three years ago, in the most substantial manner, and with every convenience that could be desired for the saving of domestic labor, and the promotion of the comfort and health of its occupants. It having been my expectation when building to pass in this house a portion of my life, I have endeavored to make it as comfortable and pleasant as possible.

I am willing to dispose of both pieces of property very reasonably, and upon very accommodating terms. The cash payment need be but small, and the others, if well secured, will tend to the payment of the balance each year, the term on the deferred payments to be paid semi-annually.

Possession given on the 1st of 8th month, (August) next.

**BEAUTIFUL HEAD OF RICH GLOSSY HAIR,** completely restored to its natural color, and who had been grey would not have it restored to former color; or bald, but would have the growth restored, or troubled with dandruff and itching, but would have it removed, or troubled with scurf, scalp head, or other eruptions, but would be cured, or with sick head ache, (neuritis) but would be cured.

We will also remove all dandruff from the face and scalp. Prof. WOOD'S HAIR RESTORATIVE will do all this, see circular, and the following:—

ASS ABON, November 5, 1856.—Prof. O. J. WOOD.—DEAR SIR:—I have heard much of the wonderful effects of your HAIR RESTORATIVE, but having been so often cheated by quackery and humbug, I was very cautious in disposing to place your Restorative in the same category with the thousand and one loudly trumpeted quack remedies, until I met you in Lawrence county, some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin, and then by me, before exhausting one of your large bottles, her hair was restored nearly to its original beautiful brown color, and had thickened and become beautiful and glossy upon, and entirely over the head; she continues to use it, not simply because of its beautifying effects upon the hair, but because of its invigorating and healthy effects upon the mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore, my skepticism and doubts in reference to its character and value are entirely removed; and I can and do most cordially and confidently recommend its use by all who would have their hair restored from its natural color or gray (or redness or age) to original color and beauty, and by all young persons who would have their hair beautiful and glossy. Very truly and gratefully yours, SOLOMON MANN.

FIELD WOOD.—It was a long time after I saw you at Blissfield before I got the bottle of Restorative for which you gave me very kind and useful advice in Detroit, when I got it we concluded to try it on Mrs. Mann's hair, as the surest test of its power.
